

Admission policy

Year 2024-2025

Admissions conditions and fees

The European Schools were created to provide the children whose parents work for European Union institutions with an education in their mother tongue. **Those schools are not intended to be bilingual schools.**

Families who do not belong to European institutions can still apply to the school.

Applications will be processed according to the category (see below) that each family falls into and the number of available places.

Children who are admitted to the school in the middle of their studies are placed in the year group that corresponds to the same level of studies in the country from where they come. They will be enrolled in the language section of their dominant language following a test which the management reserves the right to conduct.

Ex: To enter in the English-speaking section, pupils must be fluent in the English, both written and oral.

Students who attended the school for the 2023/2024 school year are automatically enrolled for the coming year (no re-enrolment is necessary). Children who are currently in the last year of the nursery and primary cycle and who meet the age requirements will be automatically admitted to P1 or S1 accordingly.

Depending on their situation, children will be put into category: A1, A2, B1, B2, C1, C2 and C3. Admissions rules vary depending on the category. Underneath is a summary of the different cases.

A1 Category	Children of staff of the European Communities under agreement with the school: EBA, ESMA, EUSPA, EUISS and European Commission Cf. article 1 of the Convention defining the Statute of the European Schools (Category 1 pupils in type 1 European Schools)
A2 Category	Children of staff of European institutions and European communities who do not have an agreement with the school (CEB, CEAC, ESA) Children of staff of international institutions and organizations (UN, OECD, OIF, OIE, OEPP, OIV, BIPM, OIML, BIE) Children of the staff of the European School of Paris La Défense
B1 Category	Children of staff of diplomatic and consular representations
B2 Category	Children from siblings with one child currently enrolled in the school

C1 Category	Children of families moving to the region, one of whose legal guardians is on international mobility assignment with a regional company
C2 Category	Children whose one of the native languages is a European language other than French, or whose shared language is a European language other than French.
C3 Category	Children for whom the family wishes an education in the spirit of the European Schools.

In terms of admission, priority is given to children in A1 category and then all others in the order as outlined in the table above.

For the enrolment in S6 and S7, only pupils who are already enrolled in a European School will be allowed to apply.

In categories C1, C2 or C3, priority will be given to children living in Courbevoie.

Applying to and attending the school are free of charge. However, some school supplies and books remain the responsibility of the families.
